RDX Series™

Lightweight, easy to use and affordable.

Maintaining order and enhancing student and staff safety are leading reasons why schools, colleges and universities use Motorola business two-way radios. These radios provide clear communication – often in noisy environments – enabling faster response to campus issues, problems and emergencies.

Instant communication in Education means:

- Seamless control on campus
- Quick coordination and response to emergencies
- Enhanced safety and security
- Reduced operational costs
- Improved assembly and sporting event coordination
- Immediate campus updates
- Improved response time
- Increased overall service and satisfaction
- Reduced monthly operating costs

- NO CONTRACTS
- NO MONTHLY FEES
- NO PER-CALL CHARGES
- NO INFRASTRUCTURE REQUIRED

Education Challenges	Two-way Radio Solutions
Rising costs, tighter budgets.	RDX Series are affordable and easy to use, with no per-call charges and no monthly fees.
Ensuring safety and security.	Teachers, bus drivers, crossing guards, and coaches can take immediate action when disturbances or emergencies occur.
Growing focus on incident prevention.	School security can respond quickly to potentially dangerous or suspicious situations and efficiently monitor cross walks near school grounds.
Improving employee effectiveness.	School staff can manage school bus loading and unloading, large assemblies, cafeterias, and sporting events with ease.

Rugged and Water Resistant

Durable metal diecast chassis helps radios hold up under demanding conditions.

Power and Coverage*

2 Watt RDX Series radios provide coverage of up to 250,000 square feet, 20 floors – 4/5 Watt models cover up to 350,000 square feet, 30 floors.

Flexible Battery Life Solutions**

2 Watt radios feature the standard Li-ion battery (up to 12 hours of life per charge) . 4/5 Watt radios feature the ultra high capacity battery (up to 18.5 hours per charge) . An alkaline battery kit is available as an optional accessory (up to 26 hours per charge) .

Accessories

Motorola offers a full complement of accessories for customizing radios to suit user needs.

A Motorola business two-way radio can pay for itself in less than 2 months.

If each worker saves 5 minutes per hour, watch your savings multiply...

Hourly rate including benefits	Each radio pays for itself in...	Annual savings for 10 workers
\$12 per hour	24 days	\$21,000
\$18 per hour	12 days	\$42,000

Based on calculations using MSRP of \$189 for a two-way radio and on the hypothetical hourly wages of an employee or worker.

MOTOROLA MEANS BUSINESS

With 75 years of innovation and engineering expertise, it's no wonder that Motorola is a world leader in providing small business on-site, two-way radio communication solutions.

*Coverage will vary based on terrain, conditions and radio model.
**Battery save feature must be activated for optimal battery life.
