

START A WHOLE NEW CONVERSATION WITH STYLE AND EASE

Now your team can stay connected with the productivity tool that combines comfort, durability, and simplicity. The Motorola CLP Two-Way Radio is the sleek new radio that gets the job done without getting in the way.

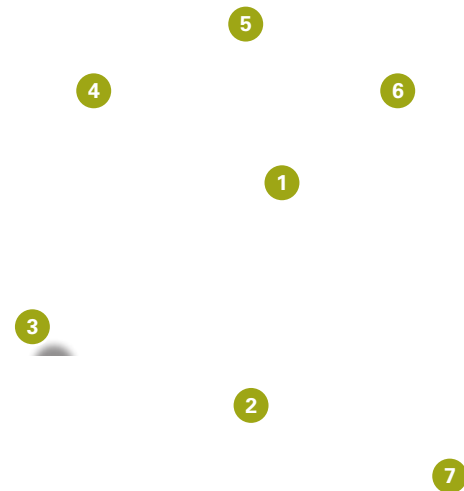

Designed specifically for retail, hospitality, and restaurant environments, CLP is small and lightweight, with simple one-button, push-to-talk operation. Clear, strong audio makes communicating easy in noisy environments, and the durable design and long battery life will stand up to the everyday wear and tear of your fast-paced business.

All this performance is packaged in a sleek, contemporary design. Multiple wear options let you hang CLP from a lanyard, versatile magnetic clip, or belt, giving you the comfort and freedom to match your style and workplace environment.

Your customers demand rapid response and superior customer service. Now you can deliver it with style and ease. CLP allows your team to stay connected, reduce errors, and respond quickly to other team members, customers or guests. The new Motorola CLP—it's productivity with personality.

CLP Radio Controls

- 1 Smart Status Glow – Color indicates active channel, radio transmit & receive, scan, and battery status.
- 2 Push-To-Talk button – Oversized, textured, and centrally located provides easy access.
- 3 Volume Control – 16 adjustable volume levels make CLP easy to hear in any environment.
- 4 Power/Battery Button – Powers device on or off, audio and visual indication of current battery level.
- 5 Accessory Connector – Compact, durable design, for proven Motorola accessories.
- 6 Menu Button – Voice driven menu provides quick access to pre-programmed features: channel, monitor, scan, and call tone.
- 7 Programming Contact – Supports radio programming via Customer Programming Software through charger and data cable.

Features Designed for You

Motorola CLP Accessories

Enhance functionality and performance.

Motorola Original accessories will make you and your CLP even more productive. A variety of carry options, earpieces, batteries, and chargers enable you to create the communications system that works best for you and your team.

Carrying Accessories

Multiple carrying options give you the freedom to wear CLP your way. The **belt-clip holster** is so light you won't even know it's there. A unique **magnetic carry case** allows CLP to be worn anywhere; on your lapel, dress shirt pocket, or snapped on your waist. An **adjustable lanyard** allows Motorola CLP to be worn around your neck.

Earpieces

CLP must be paired with an audio accessory. A variety of comfortable earpieces provide loud, clear audio and accommodate the way you like to work. The **adjustable cord earpiece** provides a simple cord wrap, allowing you to adjust cord length. This earpiece is also available with an easy-access push-to-talk button. A **Bluetooth®** earpiece is also available on select models.

For more information

For more information on how the Motorola CLP Two-Way Radio can enhance your business operations, contact JTECH Communications at 800-321-6221, or visit www.jtech.com.

Batteries

The standard Li-Ion battery is designed for 12 hour performance. For even longer shifts, a high capacity Li-Ion battery will provide up to 18 hours of service.

Chargers

This revolutionary, clean design provides rapid charging of your Motorola CLP. **Single-unit chargers** snap together magnetically to keep your equipment room neat and organized. A **Multi-unit charger** allows you to conveniently charge up to six Motorola CLPs simultaneously. The charger is designed with a back pocket to store your earpiece while the unit is charging, and can be mounted on the wall if space is at a premium.
